MEMORANDUM FOR: Dr. Robert R. Bowie
Deputy to the DCI for
National Intelligence

FROM : John N. McMahon
Acting Deputy to the DCI for the
Intelligence Community

SUBJECT : DCI's Presidential Briefing on Priorities

1. Attached for your information and use are the charts the DCI used to brief President Carter on 3 June 1977 regarding Key Intelligence Questions and intelligence priorities. This may provide useful background information for you for the discussion of "current intelligence issues" presently scheduled to be on the next NFIB agenda.

2. You should know that the data used on these briefing charts was taken from the proposed Attachment to DCID 1/2, not yet formally approved by the DCI. You will note that the intelligence topics previously categorized as Science and Technology have been folded into the broader categories termed Military, Political and Economic. The DCI has directed this change and the attached charts reflect it.

3. As additional information, following the presentation of this briefing to President Carter, the DCI delivered copies of it to Secretary Brown, Secretary Vance and Mr. Brzezinski.
